**How:** With community based HOMECARE

**Where:** Sub-county Lunga Lunga (**Adress: LungaLunga Road, Mshui**)

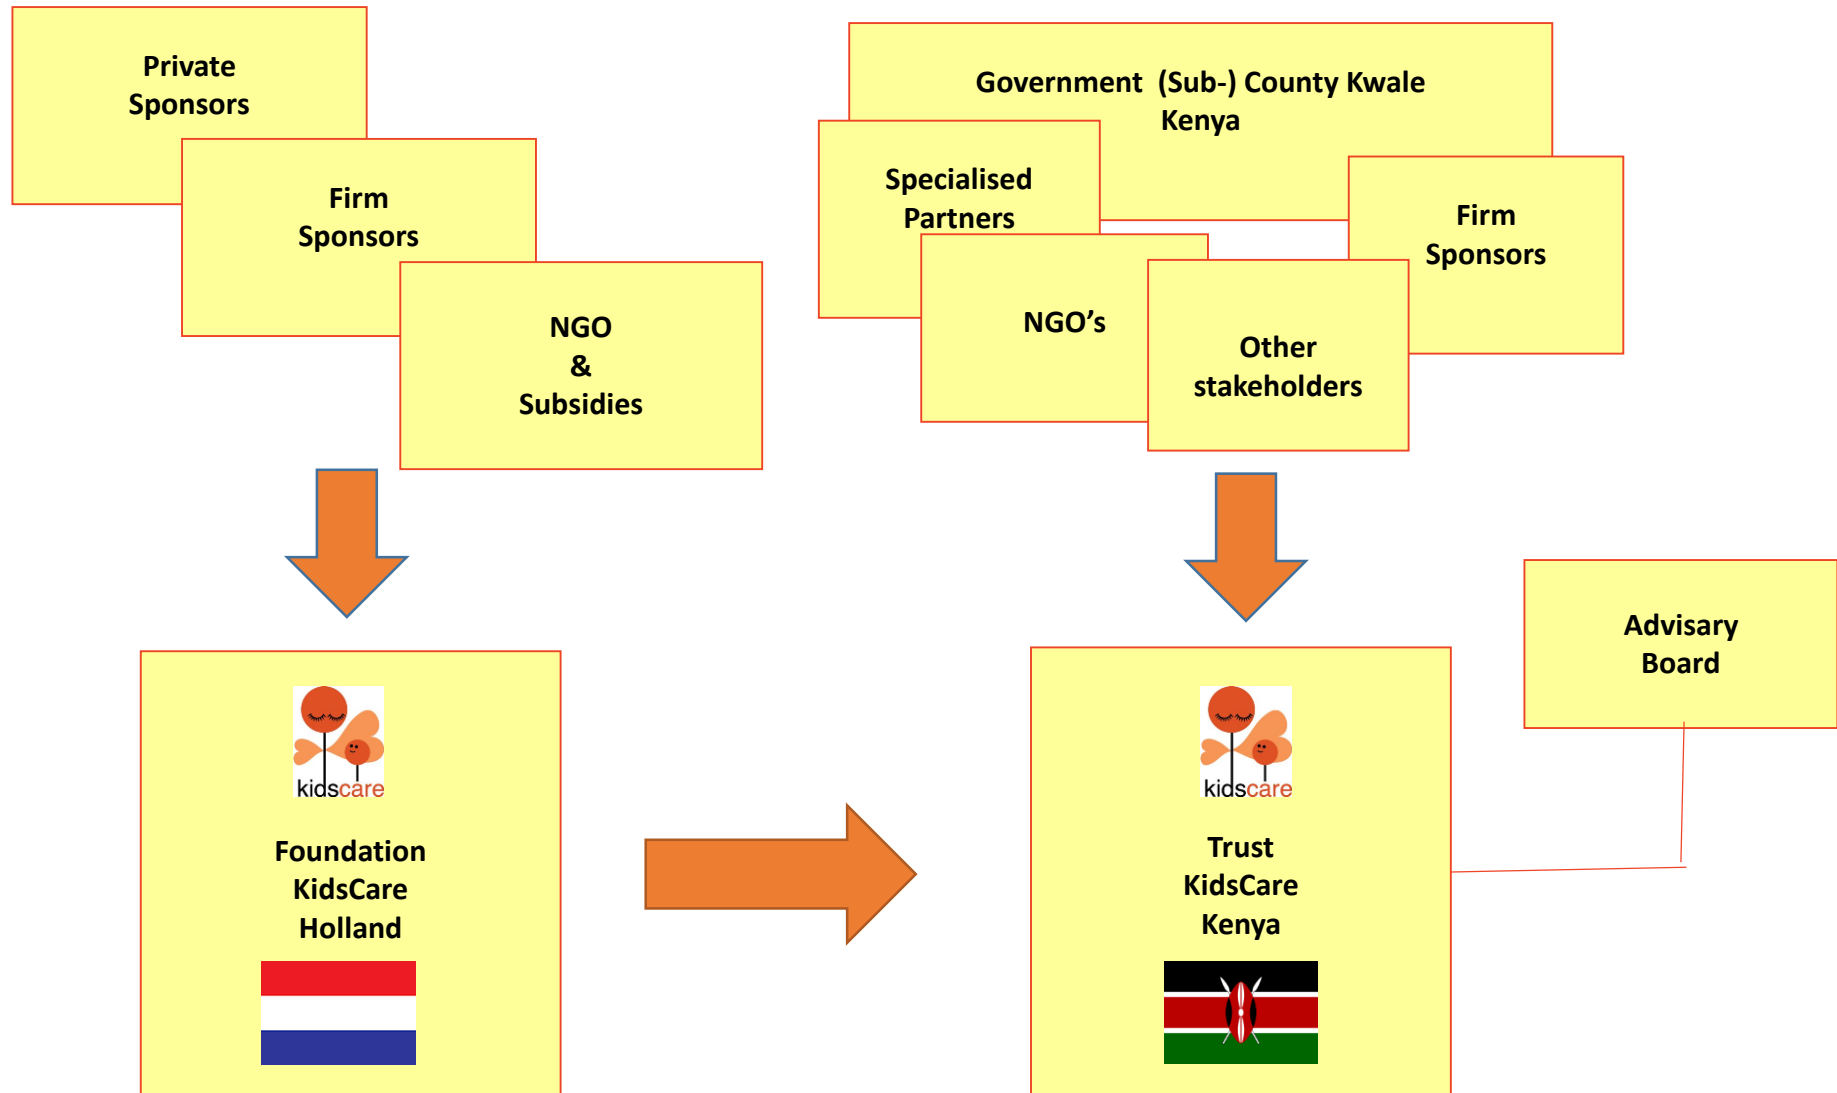

**Who:** A team of 25 employees (social workers and a staff)

**With:** Child-oriented partners

**Why:** Every child has a right to create a future

# Dutch Foundation and Kenyan Trust

# KidsCare's mission

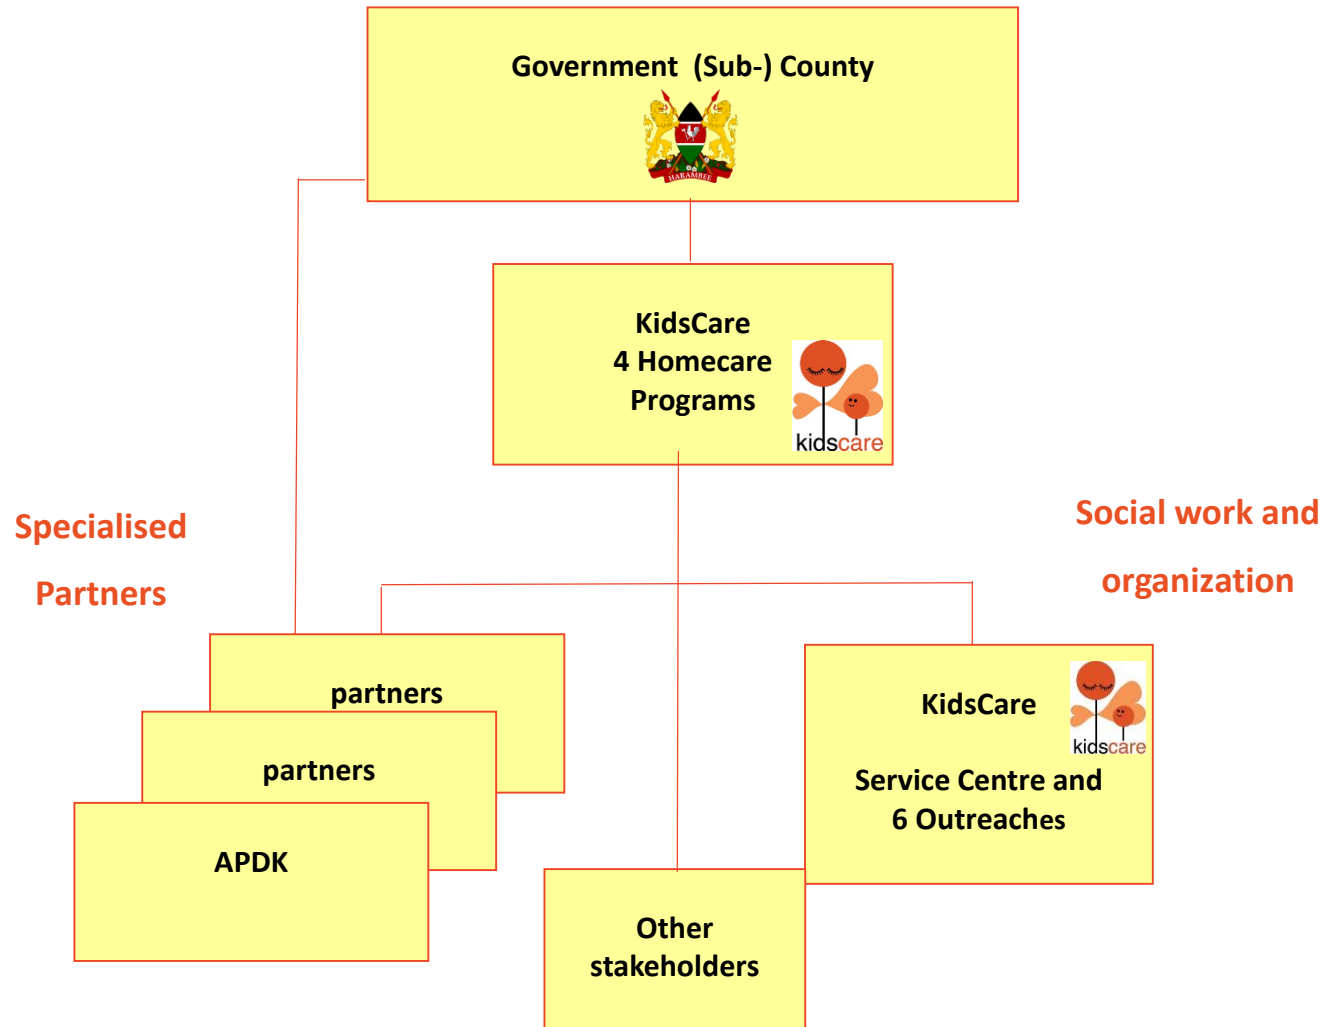

With the **'Homecare programs'** KidsCare helps vulnerable children and youngsters in close cooperation with specialised partners and in line with the government policy.

**Homecare programs support families with:**

- Orphans
- Children with special abilities
- Teenage mothers
- Abused Children

# Homecare approach

## Homecare includes:

(Depending of the specific programs)

- **Home visits** to families with vulnerable children and monitoring of the progress (general health and hygiene, shelter, diet etc.).
- A monthly **financial support** to help the household to stabilize and realize an acceptable situation for their children
- Making regular **follow-ups** to check the situation in the homestead, school, the dispensary and more.
- Making **referrals** to KidsCare Centre (counseling), special schools, hospitals, local chiefs and more.
- Realizing **economic programs/targets** to become a independend household
- Assisting in **forming 'caring groups'** with trainings, mutual support, shared experiences, special education, microcredit and more.
- Training **community volunteers** in guiding and creating social sense for the weakest of their society.
- Organizing **community awareness campaigns** about (among other things) rights, child abuse, early identification and prevention of disabilities and more.
